

# Year 11

# Geography Curriculum

## Human Fieldwork

- Hypothesis: Traffic management strategies in York have been effective at reducing traffic congestion.

## Weather Hazards

- How does global atmospheric circulation influence climate?
- What is a tropical storm and how are they formed?
- What are the effects and responses to a named tropical storm?
- How is the UK influenced by weather hazards?

## Revision

## Glacial Landscapes in the UK

- Which glacial processes help to shape the land?
- How are glacial landforms created?
- How can glacial landscapes be used by humans?

## Issues Evaluation

- Can you apply your Geographical skills and knowledge to a specific issue?
